Homescreen

Riders start booking a trip by tapping "Where to?"

Riders can also set favorite locations that let them start a booking from the homescreen with one tap.
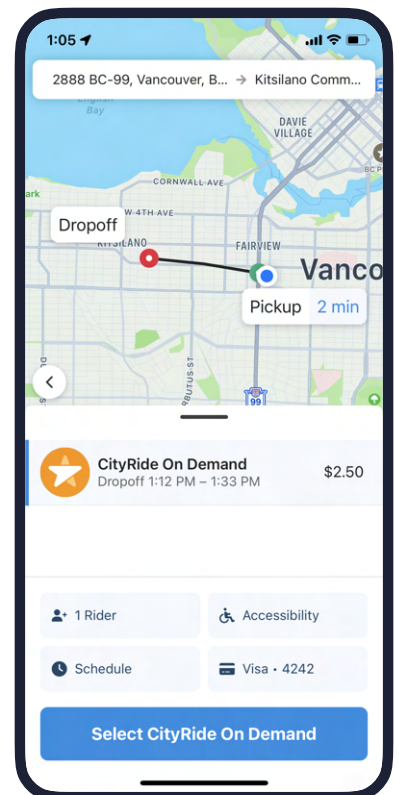

Set locations

Enter the desired pickup & dropoff locations.

Select a stop (orange flag) or point of interest (red pin) from the list.

Confirm pickup location

Confirm the trip's start location by moving the pin to the desired pickup spot on the map.

See ride options

Riders can see the fare and estimated dropoff time of any available on-demand services.

Add riders

Reserve extra seats for everyone who's traveling.

You can choose which rider types you want to support on your services. Fares can be set independently for each rider type.

Add accessibility features

Add any accessibility requirements.

Riders will only be matched to vehicles that can support their needs.

Schedule for later

If scheduling a trip for the future, riders can specify the time they'd like to leave at or arrive by.

View scheduled trips

Upcoming scheduled trips can be viewed from the menu.

Preview your trip

Details about the trip are added as the pickup time approaches.

Riders can also cancel from here if they don't need the trip anymore.

Get reminded

Before pickup time, riders receive reminder notifications.

A banner on the homescreen provides a shortcut to view the trip.

At pickup time

When it's pickup time, riders can see where the vehicle is, where & when they'll be picked up and dropped off, and which vehicle to look for.

In stop-based services, riders will see walking directions to their stop.

After dropoff

After the ride, riders can see walking directions to their destination.

Review

Riders can leave a review to let you know what their ride was like.

Book on the web, too!

In addition to mobile apps for Android and iOS, Spare Rider is also available as a website on desktop and mobile.
